V Pre-doctoral Scholarship Precision Oncology – IOP 2026

The UB IOP Chair is calling for applications for a pre-doctoral scholarship in precision oncology, with an endowment of €15,000.

Criteria

- **Project duration**: 1–2 years
- **Principal Investigator** (PI): MD at the Clínic Barcelona Comprehensive Cancer Center (4CB), without a PhD degree
- The project must be **multidisciplinary** and include other specialists from the Campus.

Documentation

- **Scientific project** (maximum 2 pages, free format, in English), including: abstract, introduction, hypothesis, objectives, preliminary results, methods, and budget (excluding overheads)
- **PI's curriculum vitae** in a standardized, summarized format.

Selection Process

- Applications will be evaluated by three external reviewers with relevant expertise, assessing: clinical impact, scientific justification, innovation, and the suitability of the applicant and team
- In the event of a tie, the Directors will have the deciding vote.

Call 2026
